

# INGREDIENTS & ALLERGEN INFORMATION

CORRECT AS OF 9<sup>TH</sup> JUNE 2025

The background of the page features a collage of Domino's food items. In the top left, there are several round chocolate chip cookies on a white plate with a green rim. In the top right, a slice of pizza is visible, topped with melted cheese, corn, and green bell peppers. In the bottom left, another slice of pizza is shown, topped with melted cheese and pepperoni. In the bottom right, a bowl of golden-brown french fries is visible. A blue Domino's box is partially visible in the middle right. A brown paper bag with the Domino's logo and the words 'BBQ DIP' is in the bottom center.

## DOMINO'S INGREDIENTS & ALLERGEN INFORMATION

This document details which of the 14 EU allergens and their derivatives, as recognized by the Regulation (EU) No 1169/2011, are used in Domino's food:

**PEANUTS, NUTS, FISH, EGGS, CRUSTACEANS, SESAME SEEDS, MILK, SOYBEANS, CELERY, MUSTARD, LUPIN, MOLLUSCS, CEREALS containing GLUTEN, SULPHITES (>10ppm).**

Domino's food is freshly prepared in store where equipment and utensils are shared. Whilst we and our ingredients' suppliers take precautions, we cannot 100% guarantee that any product is free from allergens, even after ingredients have been removed on request, due to the risk of cross-contamination. For half and half pizzas, there will be cross contamination from allergens on both halves of the pizza. Please check the allergens for both halves before placing your order.

Please note that we do not have dedicated preparation or cooking areas in our stores for vegetarian and plant-based food. Our stores are busy working environments and there is a risk of cross contamination between toppings.

We have dedicated procedures in place to prepare gluten free pizzas which are accredited by Coeliac UK, our Gluten Free pizzas contain less than 20ppm gluten.

If you have an allergy, please consult this guide each time you order as we regularly update our allergen information.

Although great care has been taken to remove all bones from meat products and all stones from olives, some may remain.

Due to the on-going availability issues with sunflower oil, where it is used as an ingredient, we may need to occasionally substitute with rapeseed oil.

Due to the on-going limited availability of Free-Range eggs we may at times need to substitute with alternative cage free eggs.

Please note some products may have been previously frozen.

# CONTENTS

The document is split out into different food areas. Our pizzas and sides are often accompanied by a dip - this information is listed separately to other items.

**1. BASES**

**2. PIZZA SAUCES**
